

STORM DAMAGE · EMERGENCY RESPONSE

Storm Claim Emergency Checklist.

Your step-by-step action plan from the moment the storm passes.

C — Capture

L — Log

A — Analyze

I — Inquire

M — Manage

PHASE 01

SAFETY FIRST

1

- ☐ Confirm no injuries; call 911 if needed
- ☐ Do not enter a structurally compromised building
- ☐ Shut off gas at meter if you smell it
- ☐ Stay clear of all downed power lines
- ☐ Check inside for roof collapse indicators
- ☐ Wear boots and gloves before going outside
- ☐ Secure children and pets in a safe area

PHASE 02

DOCUMENT EVERYTHING

2

- ☐ Photo all 4 exterior sides before cleanup
Every angle matters
- ☐ Video interior room by room before touching
- ☐ Capture roof from ground; zoom on damage
- ☐ Photograph serial numbers on all damaged items
- ☐ Document debris in its original location
- ☐ Note date and time in every photo filename
- ☐ Screenshot storm data from weather service
Date, wind speed, hail size

PHASE 03

NOTIFY & LOG

3

- ☐ Call your insurer and file the claim today
Delays can hurt your claim
- ☐ Request claim number and adjuster name
Get it confirmed in writing
- ☐ Get adjuster direct phone and email
- ☐ Open a dedicated expense log
Save receipts for hotels, food, and tarps.
- ☐ Photo all contractor proposals you receive
- ☐ Do NOT sign repair contracts same-day
Read every line carefully
- ☐ Log all claim conversations with date and time

MOST COMMON MISTAKE

Homeowners often begin cleanup before documenting damage. Once debris is removed or damage is altered, your insurer may dispute the original scope of loss. This reduces your negotiating leverage.

Document everything first. Every time.
